### Strictly Come Dancing: Zoe Ball and Rosie

Hi, I'm Rosie and I went to Strictly Come Dancing IT TAKES TWO. When we got there the set was really fancy. I was flabbergasted. Due to security we were not allowed to bring in anything only our phones. Vicky Gill was the designer of outfits and Alex Scott (Ex England Footballer) with professional dancers, Kevin and Neil. The best part of all was Ask the Pros. It is where you have to send a question in and the Pros will answer it. At the end of the show it was our last goodbyes. I asked Zoe Ball if she could do a shout out to Miss Luckhurst and Arctic Fox class and she did. It was the best day EVER! Back at school, I did Show and Tell and answered lots of questions from my class and showed them my very own script of the show. By Rosie Arctic Fox class
